Sample in. Image out. Nothing in between.

HELIOS®

Advanced IFA diagnostics system

For use with AESKUSLIDES®

Designed for up to 190 samples per run, HELIOS® is a fully automated indirect immunofluorescence system with integrated dilution, incubation, mounting and 4K image acquisition.

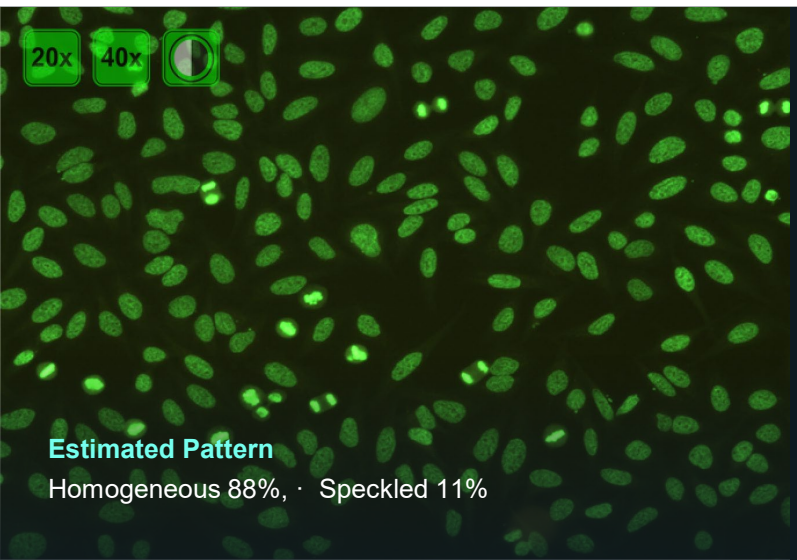

HELIOS® processes up to 20 slides and 4 different assays in parallel, from sample application to a fully annotated digital result.

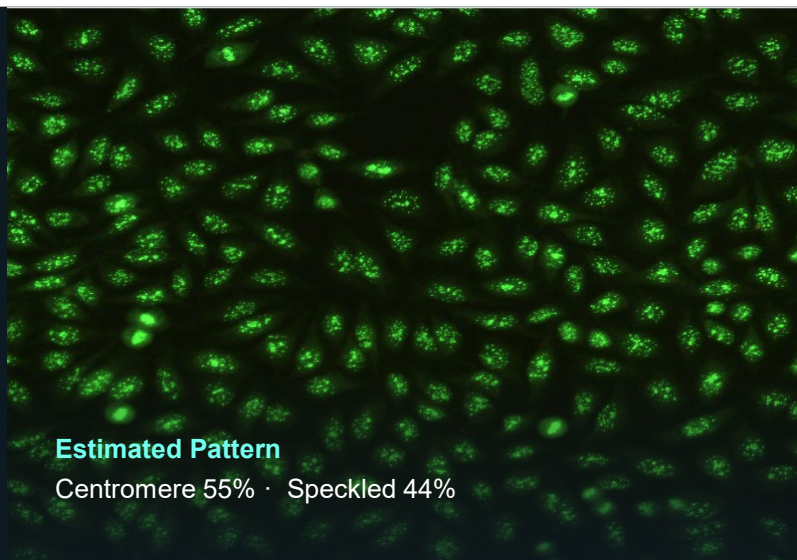

Product order number:
HELIOS® Automated IFA System
REF.IOS-1000
Humidity Temperature Control Kit
REF.HTC-1001

국내 유일 4종 식약처 허가 ***AESKUSLIDES*® rLKS**
AMA/ASMA/APCA/LKM approved by MFDS
